About the Book

Derek Rosser shares true life, post war-time adventures as a 'Reluctant Recruit' during his National Service with the Royal Air Force.

My adventures as a 'Reluctant Recruit' are the subject of this volume. I decided, at the time that I would, one day, tell the story. One day was fifty years later but here it is at last.

Whilst over half a century has elapsed since I was released from National Service with the Royal Air Force, my memory of the events described in this volume is crystal clear. To a young married man it was a waste of valuable time but...in many ways it was an enjoyable waste of time. If you are entertained by my adventures, I shall consider that the time spent in recording these events has NOT been wasted.
