Relevant Rantings of Rusty Old Prophets

The minor prophets in the bible are often neglected and rarely talked about. Perhaps we are frightened of prophetic texts or find them inaccessible, or perhaps we just can't see what significance the 2000-year-old rantings of a bunch of dead guys have in the 21st Century world. Journey through this book and see a present-day application; relevant for your life today.

The Minor Prophets are not a gang of eccentric characters from over two millennia ago. They were men, raised up by God, to speak to nations.
