## About the Book

*Ron Palmer releases a superbly written historical fiction based on an authentic account of the events leading up to the tragic death of Captain James Cook.*

It is February 1779; Captain James Cook is on his last voyage to the Pacific. This is a fascinating fictionalised account of the sad events leading up to the demise of James Cook. Although written as a novel the content has been thoroughly researched from the officers journals of Cook's last voyage of discovery to the Pacific, and in this respect is an authentic account of the events leading up to his tragic death at the hands of the Hawaiians.
