About the Book

The Longdon Murders

Julius Falconer

A detective fiction with an intricate and ingenious plot that will keep you guessing right till the end

On the night of a blizzard in January 1963, an elderly couple who live in a tiny Worcestershire village are summoned to their daughter's cottage two and a half miles away at Longdon, on urgent but unspecified business. When eventually they reach their daughter's cottage, exhausted and worried, they find it warm but empty.

Unable to face the journey back home that night, they prepare a simple meal for themselves preparatory to retiring to bed in their daughter's cottage. The following morning, the concerned neighbours find the couple still sitting at table, poisoned by a bottle of contaminated wine. A student is found to have been killed by the same rare poison in his London bed-sit within days of the Longdon murders.

Coincidence? Surely not! Inspector Wickfield is appointed to find out.
