About the Book

Mysterious spine-tingling tales

The tales has been created especially for those brief interludes in our busy lives, when time is too short for a long read, and we would like something entertaining and perhaps unusual, but not too demanding, from which to dip in and out, at a moment's notice.

Harry Riley says: "With over thirty tales in this collection I agonised over which of them should be the cover story. However, the bleak solitude of those storm-tossed light-towers, often built off some wild and windswept, rocky coast, has always fascinated me, and so I chose the drama of the sea, with: 'Wreckers.'"
